Objective

My passion is excellent software, especially applications for mobile devices. I am available for part-time, contract-based opportunities in iPhone and iPad application development. I am also available to train small groups of developers in iOS application development.

Education

- **University of Florida** Gainesville, FL
M.S., Systems Engineering, anticipated December 2013
- **University of Florida** Gainesville, FL
B.S. (cum laude), Computer Engineering - Software, December 2008

Work History

- **Mobile Application Developer** January 2010 - Present
Auerhaus Development, LLC Atlanta, GA / Pensacola, FL
 - developed applications currently available on the Apple App Store (Ingenious Med, iRapStar, Podcatcher, MyNyte)
 - gained proficiency in Objective-C, Cocoa Touch and Core Data APIs, and multimedia streaming to mobile devices
- **Web Programmer** January 2009 - January 2010
352 Media Group Gainesville, FL / Norcross, GA
 - developed mid- to large-scale, database-driven Web applications for national clients
 - gained experience in C#, Microsoft SQL Server 2005 and ASP.NET 3.5
- **Intern - Software Design Engineer in Test** Summer 2006
Microsoft, Inc. Redmond, WA
 - implemented Local History feature for Visual Studio 2008 (Orcas) as member of the Visual Studio Platform team
 - gained experience in C++, COM, Visual Source Safe and Visual Studio Extensibility
- **Intern - Engineer Trainee III** Summer 2005
Dynetics, Inc. Huntsville, AL
 - designed and implemented prototype for enterprise-wide IT workforce management solution using ASP.NET and Visual Basic.NET
 - consolidated employee data for streamlined insertion into Active Directory
